

## Notice To CWSC Subscribers

Everyone in Coupland who is connected to the Coupland Water Supply Corporation's (CWSC) wastewater management system are reminded that their monthly total wastewater charge for calendar year 2016 will be determined during the coming months of December 2017 and January 2018. A two month average of the water used, as based on your Manville Water Corporation's meter readings, provides an average of presumed household usage and thus your sewage treatment charge.

These two months are selected because it has been historically shown that these are the two months of least water usage to be fair to the largest number of subscribers. The monthly base charge to be hooked up to the CWSC system is a fixed \$30 per month. The sewage treatment charge is \$7/1000 gal as determined above.

If your initial subscription to CWSC occurred in 2017 after the December 2016-January 2017 usage determination period, and thus having no previous usage history established, your monthly charge for the year was \$37 (the \$30 base charge plus a presumed 1000 gallon average usage). If your first month's billing was for less or more than a full month, your base rate was prorated accordingly. The following months were then billed at \$37 per month. January usage is billed in February. The updated 2018 billing goes into effect with the March bill for February usage.

The formula used for determining your total wastewater charge is shown below. If you will take this example and apply your figures for water usage you can calculate what your monthly wastewater charge should be. If you have any questions please call Karen Marosko at 512-856-2435.

### 2018 COUPLAND SEWER BILL CALCULATION

FACTOR	EXAMPLE AMOUNT	YOUR DATA
<b>Average usage determination</b>		
Gallons used in Dec 2017:	3550	
Gallons used in Jan 2018:	<u>4650</u>	
Total two month usage (Dec + Jan):	8200	
Average usage [(Dec + Jan) / 2]:	4100	
<b>Water usage treatment charge</b>		
Average usage x \$7 per 1000 gal: $(4100 \times 7) / 1000 = \$28.70$		
Treatment charge:	\$28.70	
Base charge:	<u>\$30.00</u>	
Total:	\$58.70	
<b>2018 MONTHLY SEWER BILL:</b>	<b>\$58.70</b>
